IN THE MATTER OF THE LICENSE OF

DONALD M. ANDERSON
t/a DMA ELECTRICAL CONTRACTORS
License and Business Permit #34EI00928000

TO PRACTICE ELECTRICAL
CONTRACTING IN THE STATE OF
NEW JERSEY

Administrative Action

ORDER OF SUMMARY
SUSPENSION

This matter was opened to the New Jersey Board of Examiners of Electrical Contractors ("the Board") upon receipt of information revealing the following:

1. Respondent, Donald M. Anderson, is the holder of license and business permit #34EI00928000 and was licensed to engage in electrical contracting in the State of New Jersey, as DMA Electrical Contractors, until March 31, 1994, after which time respondent permitted his license and business permit to lapse.

2. The Board received a complaint from Edward Reed, Jr., electrical sub-code official, Township of Manalapan, New Jersey, stating that respondent filed an application to do electrical work as DMA Electrical Contractors, on August 4, 2010, and listed license #34EI00928000. Mr.

Reed was unable to verify an active business permit for DMA Electrical Contractors.

3. The Board sent two letters to respondent's address of record, dated November 9, 2010 and March 17, 2011, via certified and regular mail, requesting that respondent provide a response to the complaint from Edward Reed, Jr. The certified letters were returned to the Board office marked "Unclaimed". The regular mail was not returned. To date, respondent has failed to provide a response to the complaint as requested by the Board.

4. Respondent's failure to renew his license and business permit, resulting in a lapsed license and business permit status, provides grounds to automatically suspend respondent's license and business permit in the State of New Jersey, pursuant to N.J.S.A. 45:1-7.1(b).

ACCORDINGLY, IT IS on this 8th day of Aug., 2012, ORDERED THAT:

1. Respondent's license and business permit to engage in electrical contracting in the State of New Jersey shall be, and hereby are, suspended by operation of N.J.S.A. 45:1-7.1, without a hearing. Respondent is hereby ordered to forward his pressure seal to the Board.

2. Prior to the Board entertaining any petition for reinstatement of his license or business permit, respondent shall be required to appear before the Board to demonstrate fitness to resume practice and to provide information concerning his possible unlicensed practice in New Jersey, including but not limited to the information above, as well as information regarding respondent's activities from the date of license and business permit lapse until the date of appearance. Further, respondent shall satisfy any requirements for reinstatement of licensees with lapsed licenses pursuant to N.J.S.A. 45:1-7.1(b). Any practice in this State prior to said appearance shall constitute grounds for the charge of unlicensed practice.

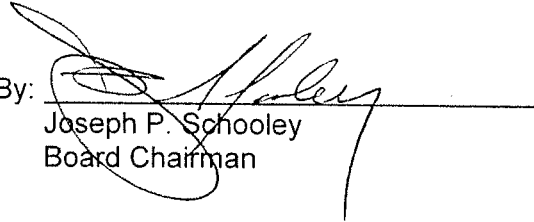

3. The Board reserves the right to take action based on the activities underlying the allegations of unlicensed practice and the information provided in the complaint

submitted by Edward Reed, Jr. and to place restrictions on respondent's practice should his license and business permit be reinstated.
